Metal Tec is a pioneer company in the field of office furniture, established in 1999 and has been operating continuously in the Egyptian market as one of the leading manufacturers and distributors in the metal furniture industry.

Our company is a well-established and rapidly growing. In addition, our primary objective is to provide to our customers qualified products with competitive prices, and after sale service, which they can depend on. As you can see throughout our website, we specialize in workspace furniture which including ,office furniture, steel furniture, laboratory furniture, steel lockers, stainless steel lockers, cabinets, desks, and trolleys. Moreover, we can provide office work solutions with different designs matching the customer needs.

Customized products are very important part in our business range, because we have accumulated rich experience in handling customized orders after a good many years of efforts, so all your requirements of steel & wood furniture will be processed promptly by us.

For our distributors, according to the today world's economy problems, the challenge is to be reducing cost by increasing productivity. It is very important that the materials handled, packaged, and stored with the greatest efficiency. Our great priority is to help them to achieve this objective and maximize their interest as possible as we can.

Our staff of experienced sales personnel can offer recommendations of complete material handling and storage systems. In addition, we provide full assistance and technical support for planning and projects estimations.

Finally, Metal Tec Company is professional in the office furniture items manufacturing and projects furnishing including creative solutions for different workspaces.
